

## Open Access Funding Request Quick Reference Guide

1. The author MUST select their institution at the time of article submission. If the article is not affiliated with the institution included in the open access agreement, the CCC RightsLink transaction will not prompt them to request funding from that institution.

2. At manuscript acceptance, the author receives an email invitation to enter the Journal Publishing Agreement (JPA) Tool. This tool interactively drives the author to the appropriate JPA based on journal, agreement affiliation and author response.

Do you need or wish to purchase Open Access (for example, to comply with certain licensing requirements such as Plan S or other funder requirements\*)?

- Yes, I would like to purchase Open Access. I acknowledge that I am **required to pay a licensing fee** for a public use license. This licensing fee may be covered by an existing institutional [Read + Publish Agreement](#) with ACS.
- No, I do not want to purchase Open Access

\* If you are uncertain about licensing requirements, please contact your funder agency for clarification.

#### Next steps

Thank you for taking the time to complete the Journal Publishing Agreement for the Manuscript "Direct Experimental Characterization of the Ferrier Glycosyl Cation in the Gas Phase" for the Journal "Organic Letters". Now that you have submitted your agreement, you will receive an email confirmation shortly that includes a copy of the completed form for your records.

Your ACS Journal Publishing Agreement stipulates that your article will be made open, and therefore you will retain copyright. However, please note that **an order must be completed** before ACS can publish your manuscript.
